TOUR PURPOSE AND GOALS

In a general sense, this tour allows us to reenact the journey of the 12 spies:
...see the land, what it is; and the people that dwell therein... (Num 13:18).
More specifically, it will illuminate your understanding of the Old Testament
and the Gospels through (1) examining the geography of Israel
in relation to biblical events and themes and (2) studying Jewish history,
especially the history of the State of Israel.

Israel Only: \$4,775 Israel and Jordan: \$5,475

If you are **not** coming from North America, you will need to arrange your own transportation to and from Israel.
Furthermore, you may deduct \$1,500 from the cost.

2010 Israel Study Tour and Jordan option are conducted and managed by Dr. Arnold G. Fruchtenbaum
independently of Ariel Ministries.

INTRODUCTION

This three-week study tour is an overview of the land of Israel from a biblical, historical, and geographical perspective. The study group is limited to 25 participants, which increases accessibility to the various locations, and provides an intimate group setting. You will see everything that the typical tourist sees and much more.

The tour can be rigorous at times. You should be prepared for some long – *very rewarding* – travel days. Large air-conditioned buses could not possibly “fit” into many of the places we visit. Therefore, we use vans, which are small enough to go everywhere.

At the end of each travel day, the tour group meets for a one-hour review session and a lecture on historical geography, and reading is assigned for the next day. This journey is, indeed, a study tour and, as such, will demand more of you than most such trips. Study is truly an integral part of your participation. If you are interested in sight-seeing only, this tour is not recommended. Those, however, who give full participation will be greatly rewarded with a wealth of knowledge that is life changing.

The tour is purposely designed for the students to experience the people’s Israel. As such the accommodations will be in a kibbutz settlement and a hotel. Dr. Fruchtenbaum surprises every tour with unique experiences that will give you a greater insight to the life of the Israeli.

TOUR LEADER and GUIDE

Dr. Arnold Fruchtenbaum is a leading Messianic Jewish scholar. Because of his expertise on the Scriptures and the Nation of Israel, he is in great demand as a conference speaker and tour guide. Dr. Fruchtenbaum is also the Founder and Director of Texas-based Ariel Ministries, which is dedicated to the principles of evangelism and discipleship of Jewish people.

TOUR CONDITIONS

Tour participants should always keep the tour goals (see front page) in mind and prepare accordingly. Setting different, personal, goals and expectations will only cause disappointment and adversely affect the group. If you cannot agree to these goals, then it would be wise to choose another tour.

Participants must be at least 18

years old; children are not permitted to attend. Couples need to make certain that both partners are totally interested in a study-tour of this nature. Only those who are truly committed to such a trip should apply. Those with serious health problems (i.e. heart trouble, kidney disease, etc.) should not attempt this kind of trip. If you are taking medication, be sure to bring enough for the duration of the tour.
